READ THIS FIRST

Read through the instruction booklet before assembling your miniatures. Be sure to use a pair of sharp hobby clippers to remove the miniature components from the sprue. Carefully clean the excess material and mold lines with a sharp hobby knife. Check the fit of each part before gluing. Use a small amount of hobby plastic glue to assemble the components. Use caution with all products and follow all manufacturer instructions. Adult supervision is recommended for children under the age of 16. Have fun!
