Days of Wonder announces a new expansion for Five Tribes™: *Whims of the Sultan*

Will you be able to control the fabulous cities and fulfill the Sultan's capricious wishes?

Paris, France – May 5, 2017. Today, Days of Wonder announced *Whims of the Sultan*, a new expansion for its award-winning *Five Tribes* board game.

The Sultanate of Naqala continues to flourish, and the new Sultan has founded 5 Fabulous Cities to take advantage of this time of prosperity. But these cities have attracted more competitors than grains of sand in the desert and the fate of the Sultanate will once again lie in the hand of the five tribes and the powerful Djinn.

Whims of the Sultan contains all the components needed to play five-player games and introduces new Fabulous Cities tiles. Visiting these cities will give players opportunities to win glory as they fulfill excessive requests from the Sultan by completing Whim of the Sultan cards. Fierce competition is to be expected, as controlling these tiles can be a major contributor to a player's final score.

"*Whims of the Sultan* created new gameplay possibilities. Success in controlling the Fabulous Cities and satisfying the Sultan's requirements can bring a real advantage into the game," says Bruno Cathala, *Five Tribes*' creator. "Adding a fifth player also makes the game more challenging."

This expansion contains 6 tiles, 15 wooden tribe meeples, 8 camels, 1 tent and 1 player's turn marker, 22 Whim of the Sultan cards, 2 Djinn cards, 1 bid order track and 1 turn order track for 5 player games, 1 pad of scoring sheets, and 1 summary sheet. It is expected to be available in June in Europe and at Gen Con Indy 2017 in August for North America, at a suggested retail price of €25/\$30.
