THE CARD GAME

HULK HERO PACK

Exposed to heavy doses of gamma radiation, Dr. Bruce Banner lives a life caught between the soft-spoken scientist he's always been and the uncontrollable green monster powered by his rage.

This hero pack comes with everything you need to play as Hulk, including a pre-built deck.

For your first game with Hulk, take all of the cards preceding the divider card and follow the Setup instructions in the Learn to Play. There is a complete decklist on the reverse side of the divider card for your reference.

The remaining cards included after the divider card can be used when creating your own custom player deck. The rules for deck customization can be found in Appendix I of the Rules Reference.

HULK / AGGRESSION

Hulk uses his massive size and strength to decimate enemies, whether it's with a booming Thunderclap to knock out multiple foes at once or a mighty Hulk Smash to crush a single opponent. Become an Immovable Object to shrug off damage, or use Unstoppable Force to stay in the fight for longer. All that rage-fueled power comes at a cost, however, making Hulk somewhat unpredictable and hard to control.

With the Aggression aspect, use Martial Prowess to go Toe to Toe with enemies or Drop Kick the villain into oblivion. And when the going gets tough, call on Hulk's powerful cousin, She-Hulk, to help with the smashing, or the super-brilliant Brawn to assess the situation.
