

MARVEL

CHAMPIONS

THE CARD GAME

JUBILEE HERO PACK

Orphaned as a teenager, Jubilation Lee survived on her own by taking up residence in her favorite shopping mall. After her mutant power to generate explosive energy manifested, she found a new home with the X-Men. Now she uses her powers as the hero, Jubilee!

New Card Type: Player Side Scheme

Player side schemes are a new player card type. During a player's turn, they can play a player side scheme from their hand by paying its resource cost, placing it next to the main scheme, and putting threat on it equal to its starting threat value. While in play, player side schemes function the same as side schemes from the encounter deck, except that they are player cards and are subject to the **PLAYER SIDE SCHEME LIMIT**. This limit restricts the players to having at most one player side scheme in play if one or two players started the game, or at most two player side schemes if three or four players started the game. If the players exceed the player side scheme limit, the first player chooses and discards player side schemes from play to their owners' discard piles until they no longer exceed the limit. Each of the player side schemes in this product has the victory X keyword, so these schemes are placed in the victory display when they are defeated.

Featured Keyword: Alliance

When a player declares their intention to play an alliance card, any player(s) may help pay the costs for that card.

Featured Keyword: Piercing

An attack with piercing discards any tough status cards from the attacked character before dealing damage.

Featured Keyword: Team-Up

The team-up keyword names two characters. To include a card with the team-up keyword in your deck, your chosen identity must match one of the named characters. Additionally, a card with team-up cannot be played unless both of the named characters (*identity or ally*) are in play.

Featured Keyword: Victory X

When a card with the victory X keyword is defeated, place it in the victory display instead of its owner's discard pile. While in the victory display, X indicates how many victory points that card is worth.

JUBILEE / JUSTICE

Enemies often misjudge Jubilee to their ruin as she surprises them with her explosive plasmoid bursts. Use different resource types to pay for Firecracker and Flash of Light to stun and confuse enemies in addition to dealing damage and removing threat. Play and complete the Shopping Spree side scheme to find Jubilee's Coat and Jubilee's Sunglasses to boost her power level even higher!

With the Justice and Basic cards, take advantage of the different resource types to unlock different and powerful abilities. Play Multitalented to deal damage, remove threat, and/or heal damage depending on what combination of resources you spend. Spend as many different resources as you can to play Three Steps Ahead to remove more threat from a scheme for each resource icon used!
