

ARKHAM HORROR[®]

THE CARD GAME

HUNTING FOR ANSWERS

Parallel Investigator Rules

Hunting for Answers is a print-and-play rules set for Arkham Horror: The Card Game that provides an alternate version of Rex Murphy, previously released in *The Dunwich Legacy Investigator Expansion*. In order to play this investigator, a copy of the *Arkham Horror: The Card Game* core set is required, as well as a set of curse (⚡) chaos tokens featured in *The Innsmouth Conspiracy Campaign Expansion*.

Parallel Investigators

Parallel investigators are alternate, print-and-play versions of investigators from existing *Arkham Horror: The Card Game* products. These investigators, along with their advanced signature cards, are fully playable in any scenario or campaign.

- When building a Rex Murphy deck, you may choose whether to use the original version or the parallel version of both his front side and his back side. Each version has its own advantages and disadvantages. You can also mix and match the two versions. This means that you can use both original sides, both parallel sides, the original front side and parallel back side, or the parallel front side and original back side.
- Regardless of which version of Rex you use, you may also optionally upgrade his signature cards to his new advanced signature cards (replacing the original versions). These versions are indicated by the Advanced keyword. These are included only as a set—if you choose to upgrade Search for the Truth, you must also upgrade Rex's Curse. Doing so costs no experience, and may be done at any point between scenarios during a campaign. However, once this upgrade is made, it cannot be undone unless you are instructed otherwise.
