

**Alchemist** ♂

The Alchemist chooses a direction, then each player hands their fortune to the player next to them in the chosen direction.

**Puppet Master** ♀

Makes 2 players physically change places and steals 1 gold coin from each of them.

**Necromancer** ♂

Reveals the first card of the Cemetery and immediately uses its power.

**Actress** ♀

Uses the power of the last character to have been played.

**Damned** ♂

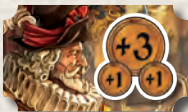

The Damned cannot be announced. If revealed, the player is immediately eliminated from the game and the Damned is removed from the game.

**Princess** ♀

Gets 2 gold coins and chooses a player who must show their card to the other players, without looking at it themselves.

**Courtesan** ♀

Reveals the character to their right who, if male, gives her 3 gold coins.

**Patron** ♂

Gets 3 gold coins and the players next to him each get 1.

**Sage** ♂

Gets 1 gold piece and looks at the cards of two other players.

**Gambler** ♀

Secretly places in her fist 1, 2, or 3 gold coins from the bank, then chooses a player who must guess the number of coins. If guessed correctly, that player wins the coins, otherwise the Gambler wins them.

**Beggar** ♀

Going clockwise, each player richer than the Beggar must give her one gold coin.

**Usurper** ♂

Chooses another player and attempts to guess their character. If guessed correctly, the Usurper uses their power.
