

# 7 WONDERS

ANTOINE BAUZA

## Manneken Pis (Day)

**Stage 1:** When this Wonder stage is constructed, copy the Stage 1 effect of the Wonder on your left.

**Stage 2:** When this Wonder stage is constructed, copy the Stage 2 effect of the Wonder on your right.

**Stage 3:** When this Wonder stage is constructed, copy the last Stage effect of the Wonder on your left.

### Clarification:

- The cost of each stage corresponds to the **cost of the stage you are copying**.
- Your neighbors do not have to have already constructed the Wonder stages you are copying before you can benefit from them.
- Constructing stages of Manneken Pis has no adverse effect on your neighbors whose effects you are copying.
- If Manneken Pis copies the effect of the Mausoleum at Halicarnassus and both players construct the corresponding stage on the same turn, the owner of the Mausoleum chooses a card from the discard before the owner of Manneken Pis.
