THIS DEMO KIT CONTAINS EVERYTHING YOU NEED TO DISCOVER UNLOCK!:

- ► The tutorial will allow you to play Unlock! without reading the rules;
- ► The 20-card scenario "The Elite" is a short adventure, allowing you to play Unlock! without spoiling the three full adventures of the box;
- ► The complete game rules;
- ► The Unlock! BETA ANDROID app.

WARNING! DON'T OPEN YET THE OTHER FILES OF THIS FOLDER. UNLOCK! IS A VERY PECULIAR GAME. IF YOU DON'T WANT TO SPOIL THE FUN, READ CAREFULLY EACH AND EVERY INSTRUCTION BELOW.

1 ► Unlock! requires a free application to be installed on an Android device (tablet or phone). By the time Unlock! is released, it will also be compatible with the iOS Apple systems. You can play offline. Follow this link to download the Unlock! application on your Android device: https://play.google.com/store/apps/details?id=com.spacecowboys.unlocks01 or search for Unlock! on the Android store.

ONLY THE ANDROID VERSION IS CURRENTLY AVAILABLE IN BETA MODE. UPON GAME'S RELEASE, THE FREE APP WILL ALSO BE AVAILABLE FOR IPAD AND IPHONE.

2 ► Open and print the following files: Tutorial.pdf (10 cards) and The_Elite.pdf (20 cards) on light cardboard paper.

BE CAREFUL WHEN MAKING THE CARDS: CUT THEM WITHOUT READING OR LOOKING AT THE FRONT SIDE. THE BACK OF THE CARDS SHOWS EITHER LARGE NUMBERS OR LETTERS.

The files allow you to print the cards both sides. If you cannot print them on both sides, print separately fronts and backs after what, assemble fronts and backs using a 24,01 in. x 44.09 in. (61mm x 112mm) card sleeve for each card or glue them together. Before you assemble the cards, make sure that the number or letter printed on the front (upper left corner) matches the number or letter printed on the back (in large bold font in the centre of the card). If you don't want to spoil your fun, only look at the upper left corner of the front side! Then, place the scenario's instruction card on each deck.

For the tutorial:
The tutorial Introduction card

For "Elite":
The Elite Introduction card

3 ► Read the rules or directly play the Tutorial (launch the app and follow the card instructions: you will know the rules after playing the game.)

The "Elite" scenario is a demo. This shorter adventure will allow you to discover Unlock! without spoiling the adventures of the box.

THE UNLOCK! BOX WILL BE AVAILABLE IN MARCH 2017.

THE FORMULA
Enter a secured lab and find the secret formula.

Designer: Cyril Demaegd
Artist: Pierre Santamaria

SQUEEK & SAUSAGE
Thwart the plans of the despicable Professor Noside in this cartoon-style adventure!
