

PRESS RELEASE

For immediate release

SPACE COWBOYS announces the release of a new Unlock! Short Adventure, “*The Song of the Sea Spray*”, on June 27, 2025.

Dive into the poetic world of *The Song of the Sea Spray*. This brand-new adventure takes players into the heart of an impossible love story between a fish and a bird. Written in alexandrines, this Unlock! Short Adventure blends poetry and mystery to offer a memorable experience to players, whether they are beginners or seasoned veterans.

A unique adventure where the player takes on the role of a poet, combining creativity, poetry, and puzzle-solving.

A touching and original theme—an impossible romance between two creatures from different worlds.

A perfect introduction to the Unlock! format with a short, compact scenario ideal for new gameplay experiences.

The Song of the Sea Spray (*difficulty level 2*)

A romance between two beings from opposing worlds, where poetry meets puzzles.

Written by Germain WINZENSCHTARK (*Nouvelles ContRées, Unlock! Exotic Adventures...*)

Illustrated by Crocotame (*Luz, Piña Coladice*)

Unlock! Short Adventures are as rich and intense as the ones found in the main Unlock! boxes and use the same free Unlock! app, available on the App Store and Google Play. They feature all the ingredients that made the game a success: cooperative adventures, puzzles, riddles, and the app’s interactive machines. In short, it’s all the Unlock! fun—just in a shorter format (30 to 45 minutes)!

Each adventure comes in a compact, travel-friendly case and offers a specific difficulty level (easy, intermediate, hard), theme, original puzzles, and game mechanics. They are standalone adventures, and like all Unlock! games, none of the game materials need to be destroyed during play.

Unlock! Short Adventures expand the Unlock! line, whose latest box, *Unlock! Risky Adventures*, has been available since September 6, 2025, featuring three brand-new adventures.
