

## **PRESS RELEASE**

**For immediate release, Paris, November 5, 2025**

SPACE COWBOYS announces “The Heart of the Ocean”, a new Unlock! Short Adventures title, coming November 21, 2025.

Dive into the underwater depths and uncover the ocean’s mystery!

This brand-new adventure takes you back to November 1837. You are Captain Laurent, a proud sailor heading out to sea on a fishing expedition. While waiting to reach the fishing grounds, you enjoy some well-earned rest in your cabin...

This Unlock! adventure offers a memorable experience for newcomers and seasoned players alike. Its short, compact format makes it a perfect introduction to Unlock! and an ideal opportunity to try something new.

The Heart of the Ocean (difficulty level 2)

Written by Mathieu Casnin

Illustrated by Ingrid Desmidt & Mathieu Clochard

Short Adventures deliver Unlock! experiences that are just as rich and intense as those found in the larger boxes. They work with the same free Unlock! app, available on the App Store and Google Play. They feature all the ingredients that have made the game a success: cooperative adventures, puzzles, riddles and interactive machines to solve in the app. It’s the full Unlock! experience... in a shorter format, lasting 30 to 45 minutes!

Each adventure comes in its own compact, portable pack, with a difficulty level (easy, intermediate or difficult), a theme, and original puzzles and mechanisms. Each is a standalone experience and, as with Unlock!, none requires you to destroy any components during play.

Unlock! Short Adventures expands the Unlock! range, whose latest boxed set, Unlock! Enchanted Adventures, was released on October 10, 2025.
